

# Monthly Newsletter June 2023

# The Param Science Experience

This month, we celebrate the Gulmohar tree. This fiery wonder has found a home in Bengaluru, though not indigenous to us.

As the monsoon season ends, the Gulmohar blooms with its vibrant red petals, creating a breathtaking pathway.

A sight we can't help but admire.

There is so much to learn from this tree, like its quality to embrace new surroundings while adding beauty to it.

This virtue only helps us thrive and grow better. Incredibly accurate, nature is the best teacher!

Looking at the Gulmohar, we at Param learnt, shared and grew to this height in one and a half years.

And while the monsoon set in, we began to feel a bit poetic, giving us a dramatic touch.

Its always fun looking back!

# A Festival to Remember!

A whole day of fun with Science!

**100+ Exhibits  
650 People  
17 Events  
6 Hours**

# The Science Team visits the Centre, now a family of 35!

Excited employees, a vibrant crowd,  
Visiting the construction site, they are proud.

Science Centre's dome, a marvel of sight,  
Convention Centre's shell, soaring with might.

The Param Science Centre, a dream in the making,  
A place where knowledge and wonder are for the taking.

With each passing day, closer to the grand debut,  
In 2024, the world will come through.

A hub for exploration, science, and more,  
Where minds can soar and dreams can pour.

A beacon of curiosity, a global sensation,  
The Science Centre awaits, an open invitation.

In this grand vision, unity will unfurl,  
As people from far and wide, gather and swirl.

Together we'll embrace the marvels untold,  
In this magnificent centre, we'll all behold.

# Marketing Team

Param visits surrounding schools and colleges to spread word about the fun of Science.

In house exhibits enlightening young minds!

# Doing what they're best at!

## 8th Mile @ RV Institute

# Office Upgrades!

**While some employees have found their favourite spots, others are still experimenting.**

**Like our Implementation head and his team, still testing the comfiness of the new furniture!**

Implementation X Design  
Team Ft. New Exhibit

Some of us prefer  
our old places,

yet others are  
happy on the lawn.

It's safe to say that our digital team is well grounded

## Merchandise

Our much awaited employee kits  
are finally here!

### DON'T FORGET

To ask us for some merch when  
you're here. We always have  
something interesting going on!

# Design and Implementation

Check out our  
Reindeer Shelf &  
Lego Elephant  
Robo!!

**June was all about prototypes!**

**At our office, most days feel like we are part of a poem**

Favorite characters come alive,  
Inhouse celebrities, they thrive.  
Posing with hard work, pure delight,  
Elegance with crown, a captivating sight.

Coincidentally twinning, side by side,  
Separation anxiety with exhibits, they confide.  
Their bond unbreakable, through space and time,  
In this gallery of wonders, their stories climb.

## Saraswathi D S

### Digital Marketing

Working at Param has been an incredibly exciting and fulfilling experience, far from the typical corporate job. Param offers a unique and dynamic work environment that encourages exploration and learning. If you are passionate about your career and eager to discover new things, Param is the perfect place for you. I am someone with a background in digital marketing. I was initially unfamiliar with physical marketing. However, Param not only introduced me to the world of physical marketing but also provided me with the necessary training. I am now confident and happy to engage with the public and organise captivating events that showcase

the wonders of science. Narendra ji, my team head, has been instrumental in my professional growth and development. His guidance, encouragement, and belief in my abilities have motivated me to push my boundaries. Beyond the professional aspect, Param has become like a second family to me. The teamwork and collaboration fostered within the organisation make every day a joy to work. Param has truly transformed my professional journey, and I am grateful to be a part of such a remarkable organisation.

## Ashwini S

### Full-Stack Developer

The past four months have been a period of immense growth and learning for me, both professionally and personally. I am grateful for the numerous opportunities I have had to enhance my skills and knowledge during my tenure at Param innovation.

# Param goes to Singapore!

A graphic featuring the text "Param goes to Singapore!" in white on a dark red background. Below the text is a white silhouette of an airplane in flight.

Art Science Museum  
Singapore

Embracing  
Singapore's  
essence and  
finding  
inspiration at  
every turn

Resisting  
the urge to  
bring home  
all of the  
beautiful  
creations!

And that's a wrap!

As June unfolds its magical spell in our city of Bengaluru,  
We bid adieu to the gentle summer rain, to its playful  
afternoon deluge.

Thank you, we say to the droplets that kissed our cheeks,  
And danced on our rooftops with a rhythm unique.

Beneath the Gulmohar's fiery red shroud,  
Our hearts beat a little louder, a little proud.  
Its blossoms cover the roads, casting patterns on our path,  
Igniting in us courage as we face the monsoon's wrath.

Each flaming petal, a symbol of passion,  
Fueling our spirits in its unique fashion.  
A burst of crimson against the deepening sky,  
A beacon of warmth as colder days draw nigh.

So here's to June, with its blend of fire and grace,  
A month of transitions in Bengaluru's embrace.  
And to the Gulmohar, standing tall and free,  
We express our gratitude under your protective canopy.

The Param Science Experience Centre turned 1½ years old this month!

We thank each and every one, for their love and support in building this unique dream!

**That's all for June, Thank You  
and See You Soon!**
